Installation Instructions Instrucciones de instalación Directives de montage 4-WAY FLAT DUST COVER P/N 85218

TRAILER END CONNECTOR

CAR END CONNECTOR

4-Way Flat Dust Cover is suitable for both Trailer and Car End Connector Bodies. Proper Dust Cover orientation has to be determined first for particular 4-way flat Connector (refer to the pictures above)

TOOLS REQUIRED:

No tools needed

DUST COVER INSTRUCTIONS:

1. Determine a proper Dust Cover orientation with regard to 4 Flat Connector- either Car End or Trailer End.
2. Slip Dust Cover slotted end over the Connector Body.
3. Test the Cover by Installing over the pin terminals. Make sure it covers the terminals all the way.
4. Apply an electrical grease (sold separately) to the terminals.
